HANDCARRIED

Robert L. Duprey, Director
Waste Management Division
EPA, Region VIII
One Denver Place
999 18th Street, Suite 1300
Denver, CO 80202-2413

Dear Mr. Duprey:

This letter is to inform you of the completion of the ground water monitoring system (22 wells) for the solar ponds, as required by Task 5.2 of the Compliance Agreement. The wells were installed in accordance with 40 CRF Part 264 Subpart F, and Part 270. Per the agreement, locations and construction specifications of the wells were approved by representatives of the Colorado Department of Health (CDH), and the Environmental Protection Agency (EPA), prior to installation. Attached is a listing of the solar pond ground water monitoring wells completed.

One of the General Provisions (q. Public Review) of the Compliance Agreement specified that briefings on the contents of the agreement would be held for elected officials and the public. A briefing was provided for the City of Broomfield on September 25, 1986. Briefings are currently scheduled with Westminster on October 2, 1986, and the Jefferson County Health Department and the City of Thornton meetings are still being scheduled. The public briefing scheduled for the September State Exchange Meeting is this afternoon (see attached agenda).

If you have any questions, or require more information, please feel free to contact me or John Krueger of my staff, at 966-4871.

Sincerely,

Original Signed By
ALBERT E. WHITEMAN

Albert E. Whiteman
